

CONFINDUSTRIA TRENTO

TRENTINO

INNOVATIVE BY NATURE

World Artificial Intelligence Cannes Festival 2024

Confindustria Trento is the local division of the main association representing manufacturing and service companies in Italy. Its membership is composed of more than 600 companies and 30,000 employees.

By representing companies and their values at institutions of all levels, the Association contributes to social well-being and progress, and from this standpoint guarantees increasingly diversified, efficient and modern services.

Support the Digital Transformation with concrete projects

Confindustria Trento, together with other local partners, has established the regional Digital Innovation Hub (DIH) in order to help companies in their digital transformation.

- We conduct assessments to measure the digital maturity of companies;
- We organize events to spread the awareness about new technologies;
- We help companies to find the right partners for their digital transformation projects.

Develop glocal systems to support the cycle of innovation

Trentino Sviluppo | www.trentinosviluppo.it
